RE: Draft Final Industrial Area Sampling and Analysis Plan Addendum #IA 02-02

Dear Mr. Legare:

Your letter of February 19, 2002 indicates that this SAP Addendum has been approved without an approval letter from our agencies. Since our comments concerning the IA Group 900-4&5 in previous addenda have been adequately addressed, it was our intention to approve this addendum. We regret not responding in a more timely manner to the submittal of this addendum.

If you have any questions regarding this approval, please contact Carl Spreng at 303-692-3358 or Gary Kleeman at 303-312-6246.

Sincerely,

Steven H. Gunderson
RFCA Project Coordinator
